

COLOR THE STARS CONTAINING A LETTER F  
TO REVEAL EACH ROCKET'S PATH TO PLANET F

# ESCAPE TO PLANET f

A large space scene filled with stars of various sizes. Some stars contain lowercase letters: 'f', 'e', 'd', and 'g'. Other stars are empty. Scattered throughout the scene are various objects: a frog, a fish, a football, a soccer ball, a small alien, a fly, and several rockets. At the bottom, three rockets are on a curved horizon line. The first rocket has a question mark on its side. The second rocket has a lightning bolt. The third rocket has a checkered pattern. Small alien-like creatures are also on the ground.
