

# The Letter k

Shade in the letter k's to reveal the path to the koala's lunch.

A large maze of leaves. Each leaf contains either the letter 'k' or 'y'. A path of 'k's leads from a starting point (a downward arrow in a circle) to a goal point (an upward arrow in a circle). A small kangaroo is also visible in the maze.

Did you spot the kangaroo?

How many letter k's are there?  
k =
